

Negotiations For Olympic Lands In Squaw Continuing

Condemnation Suit Being Delayed Pending Talk With Owners

The possibility that there still may be an agreement between the California Olympic Commission and Mr. and Mrs. Wayne Poulson over land owned by the latter and required by the state for conducting the 1960 Winter Olympics and providing a permanent state park in Squaw Valley loomed today.

Although the state's attorney general has prepared a condemnation suit against the Poulsons to acquire the land through court action if possible, negotiations are continuing for the next few days with hope on both sides that the court action, which is a lengthy and expensive procedure for both the state and the Poulsons, may be unnecessary.

H. D. Thoreau, executive secretary for the commission said in San Francisco this week that the suit was scheduled to be filed in the Placer County Superior Court this week, but that talks with representatives of the Poulsons had been requested.

"If a delay of a few more days will bring about a friendly settlement, it seems wise to withhold filing the action," Thoreau declared. "The papers are all prepared and will be filed immediately if this final effort fails to bring results."

Contract Let
In the meantime a contract has been let to the Riblet Tramways Company of Spokane for installation of a chair lift on Papoose Hill. Work has already been started and the contract calls for its completion by December 15, Thoreau said.

If continued talks with the Poulsons results in an agreement work on the first phase of the project can be started this year, Thoreau said. However, it is indicated that the major part of the work cannot be done before early next spring even though negotiations are successful.

Varied Courses At School Are Offered

Principal William Sciutto of the Tahoe-Truckee High School this week announced that the schedule of classes is offered to the new as well as regular students so they may plan or revise their course of study before the start of school.

The schedule also will acquaint the people of the district with the subjects offered, Sciutto said.

The instructors and subjects each will teach were listed as follows: Charles Redd: general math, planning, core 7 and science. Aylmae Schultz: remedial reading, planning, core 7, math and science.

Guy Wilson: planning, general science, core 7, math and science. Rowena Cincotta: core 8, and planning.

Frank Alosi: publications, art and planning.

James Brehler: dean of boys and physical education.

Phyllis Carter: physical education, gym and planning.

Winifred Collins: English, U.S. history and planning.

Norman Dewhurst: algebra, geometry, planning and electronics.

Stanley Drakulich: physical education, gym, planning, cadets general business.

Calvin Farley: math, science, planning, biology.

Eugene Goodrich: senior problems, general science, history senior math.

Richard Hampf: mechanical drawing, shop, planning.

Barbara Kemp: shorthand, planning, typing, sales, bookkeeping.

Stephen Marvin: science, French history, Spanish, Latin.

Thelma Meiss: dean of girls core 9.

Ross Price: planning, music junior band, chorus and junior chorus.

Minor Rootes: dramatic training, English, planning, general science.

Betty Jo Smith: homemaking planning, chef's course.

Donald Trask: math, biology physics, photography, audi-visual chemistry, planning.

EDITORS OBSERVE 21 YEARS WITH PAPER

Mr. and Mrs. Walter M. Barrett, owners of the Sierra Sun and Truckee Republican, observed on Tuesday their 21st year of continuous progressive weekly reporting of the happenings in the Truckee, Donner Summit and north Lake Tahoe district.

Since 1869 the paper has been an established organ of the community, consistently serving and supporting its progress.

Mrs. Rockrise Expires

Mrs. Margaret L. Rockrise, wife of George T. Rockrise, prominent San Francisco architect and former head of the Squaw Valley Property Owners Association, died at Childrens Hospital in San Francisco. She leaves two children.

Driver Escapes As Tanker Overturns; Others Are Injured

The brakes on a heavily loaded oil tanker failed at the 6000-foot level on Donner Grade Tuesday morning at 10 o'clock and the driver, Samuel Dyer, 47, Fresno, headed, his careening vehicle into the rocks and jumped.

He was taken to the Tahoe Forest Hospital with bruises and lacerations and a possible back injury. The truck overturned on the highway and spilled its contents.

The load was comprised of road oil destined for the Clements Rock Products Company of Truckee. For a while it was feared that it might ignite, and traffic was delayed and later routed around the wrecked vehicle.

Car Off Road
Hudson O. Wolfe, 24, Alameda, was injured Sunday morning at 7 o'clock when his car skidded in loose gravel east of Floriston on Highway 40 and was wrecked. Wolfe was taken to the Tahoe Forest Hospital for treatment of minor injuries.

Four-Car Crash
Three of four drivers involved in a collision west of Soda Springs Sunday at 10:45 a.m. were issued citations. William D. Hall, El Cerrito was cited for turning without making a signal. Donald A. Banks, Belmont, applied his brakes and stopped, but cars driven by Carl Haese of Reno and William J. Martin of Concord piled into the Banks vehicle and were cited.

Katherine McLachlen of San Francisco, a passenger in the Banks car, was injured.

21ST FOREST FIRE IN AREA EXTINGUISHED

The twenty-first blaze of the season was put out Tuesday by the Tahoe Forest Service crew and a railroad section hands after burning an acre a mile west of Boca at the twin bridges.

Apparently sparks from a passing engine ignited the grass, causing little damage to the area due to the prompt response of the fire fighters.

TWO APPRAISERS TO REPORT ON SQUAW

In an effort to arrive at a value of the land in Squaw Valley owned by Mr. and Mrs. Wayne Poulson and desired by the state for holding the 1960 Winter Olympics, two appraisers have been working in the valley recently. They are Bernard White of Sacramento, retained by the Poulsons and Walter P. Willmette of Stockton, employed by the state.

The reports from the two appraisers will be studied by both the Poulsons and the state for the purpose of reaching a decision and thus possibility avoiding condemnation proceedings.

The state representatives have agreed that neither party will be legally bound by the appraisal, but that it will simply clear the way for continued negotiations.

Public Relations Talk Features Rotary Meet

A talk on public relations by Edmond A. Combatalade of the Sacramento Municipal Utility District featured Monday night's meeting of the Truckee Rotary Club. There were five visiting Rotarians and five guests with Dick Swanson presiding.

There will be no meeting of the club in Truckee next week as the local members are traveling to Reno for a joint meeting with the club of that city at Idlewild Park.

Smith Is Appointed To County Building Group

C. Z. Smith, Truckee insurance agent, has been appointed as a member of the Nevada County Building Committee as advisor to the board of supervisors.

Also serving on the committee, appointed at an adjourned board meeting August 8 are the county auditor, district attorney and county expert.

BIDS OPENED

Bids for the second phase of the work to prepare Squaw Valley for the 1960 winter Olympics were opened and Baldwin Construction Company of Marysville with a joint bid with Campbell Construction of Sacramento, was low with a figure of \$3,600,00.

The California Olympics Commission said no contracts will be signed until the question of land acquisition with settled.

Portable Rooms For Classes Will Provide Solution

Board Votes To Buy Four Small Structures To Avoid Crowding

In an effort to avoid double sessions, the board of governors of the Tahoe-Truckee Unified School District at the last meeting voted unanimously to purchase four portable structures to be used as classrooms.

It was not specified in the motion whether the buildings would be of wood or steel construction.

One of the structures will be for use at the Truckee Elementary School and three at the high school. Under plans now contemplated the use of the portable classroom will eliminate the necessity of closing down the cafeteria at the high school and dividing it into classrooms to accommodate the fast increasing enrollment. However, it was pointed out that the cafeteria can still serve its present purpose and provide room for a needed classroom.

The board will meet August 29 at 8 p.m. for the purpose of considering bids for the construction of a four-classroom and locker addition to the Kings Beach Elementary School. This addition is expected to eliminate the necessity of installing a portable structure in that district.

Bay Area Man To Open Pool Parlor

Truckee is soon to have a new business on its main street.

Gordon (Rusty) Walker of San Francisco was here this week completing arrangements to lease the telephone building's lower floor from Jerry Zunino for the installation of a modern poolroom and soft drink establishment.

Walker, currently employed by the Consolidated Freight Lines, has secured the lease and will start immediately to ready the building for his business. The interior will be completely renovated and redecorated from top to bottom.

Five of the latest model Brunswick pool tables—three pocket tables, one billiard and one snooker table will be installed. The equipment is now being prepared in the eastern factory especially for Walker.

The new businessman and his wife, Dorothy, are personal friends of Mr. and Mrs. N. F. Dolley of Truckee.

Work of preparing the building and installing the new fixtures and equipment will take at least six weeks and Walker is hopeful of being open by September 20.

"We like this community and its people and want to make it our permanent home," Walker declared. "We are making a big investment but have every confidence that the future of this area will more than justify our efforts."

Bruce King Is Honored At Home Birthday Party

A supper and Donner Theater party marked the eighth birthday last Friday of Bruce, son of Dr. and Mrs. Ben King when his parents entertained in his honor at their Gateway Park home.

Those sharing the festivities included Barry and Bill Waters, Skippy Close, Lennie Vind, Gary Waters, Bruce Leamon, Ken Brett hauer, Kathy Braasch, Bill and Diane Rose, Ronnie Walker, Gail Englehart, Susie Olanio, Bimbo and Jean King, Creg Swauger and Joan Apple.

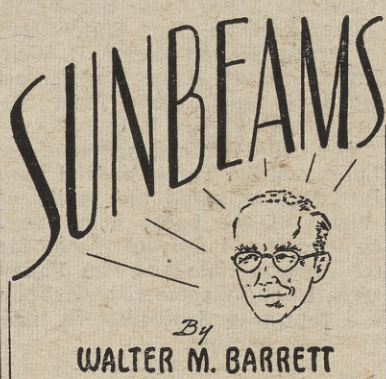

Mrs. George Mandich and Mr. and Mrs. I. Kocel and daughter, Nadine of San Francisco, houseguests of the Kings were also present at the party.

Girls Scout Camp At Tahoe Is Dedicated

Father Patrick O'Neill of Truckee gave the invocation at the recent dedication of the 17th Lou Henry Hoover Wildlife Sanctuary at Camp Wasiu, Meeks Bay, Lake Tahoe.

Gov. Charles Russell of Nevada and 400 guests were present at the ceremony, with Ex-President Herbert Hoover, Herbert Hoover, Jr., Gov. Goodwin J. Knight of California and other prominent officials in the United States sending telegrams of congratulation.

Local Girl Scouts who took part in the program were Myra Hall and Marcia Leamon.

WALTER M. BARRETT

It is most gratifying to learn that negotiations for land required for the 1960 Winter Olympics are being continued and that there is a good chance that the issue can be settled out of court. The time lost and the expense involved by both sides in a lengthy court action seems futile and we are convinced that a little give and take could provide the desired results and permit harmonious action in staging the games. More time and money have been expended now than should have been but there is still ample time to provide the necessary facilities if those concerned will buckle down and work for the best interests of the project, and the welfare of the people, and forget the differences of opinion and misunderstandings which have provided stumbling blocks for the past several months.

The coming month annually is one of the worst from a standpoint of traffic accidents than any other during the year. The reason for this is uncertain, but the fact remains and we would like to add our voice to that of the highway patrol and urge that every driver keep that fact in mind. It is possible that in increased speed by most drivers during the late summer is a contributing reason for the rise in accidents, and slowing down may be a solution. Whatever the cause, the results are bad, so take it easy and drive as though your life depended upon it.

YOUNG HUNTERS TO RECEIVE TRAINING AT SAFETY COURSE

A hunter safety course, required for youths between the ages of 12 and 16, who do not have a safety certificate and who plan to deer hunt this fall, will be held next week.

H. L. (Bud) Owens, instructor for the course, announced that the evening dates will be set for the convenience of those wishing to take the course if they will immediately leave their names with Bud's Fountain or with Game Warden Erwin Single.

It has been emphasized that youths of the age mentioned can not obtain a hunting license without the safety certificate.

The course requires four hours and it may be held on two evenings or more, depending upon the instructor. Owens said he would attempt to secure the Veterans' Building for the course.

Methodist Youths Will Wash Cars August 24

Members of the Methodist Youth Fellowship will hold Christ's work day on August 24 at Chapel's Service Station at Gateway Park when they will devote the hours to washing cars.

A picnic will be held after the working day. Varian Frey was elected president of the group on August 2, with other officers including Terry Walker, vice president; Mike Smith, secretary; Shirley Smith, treasurer; Dorothea Frey, program chairman; Barry Leamon, publicity chairman; Tom Banyard, assistant publicity chairman.

Mr. and Mrs. C. Z. Smith, counselors of the organization chaperoned a party of 24 on July 26.

Local Street Work Bids Will Be Opened Today

Bids for resurfacing approximately two miles of streets in Truckee will be opened by the Nevada County Board of Supervisors today. The work was delayed from last year after the fund set aside for the purpose was diverted to another county project. While no estimate of the cost has been given it is expected to be in the neighborhood of \$20,000.

New House—Mr. and Mrs. L. R. Barnes and three children, formerly of Redding, are building a house at Gateway Park which they expect to occupy before winter.

Happy Day—Harold Langille was feted by his family on his birthday, yesterday.

Hearing On Water In Tahoe Is Set For August 28th

Details Described In Series Of Articles By State Commission

(This is the first of two articles discussing the problems associated with the water levels of Lake Tahoe, prepared by the California-Nevada Interstate Compact Committee of California).

SACRAMENTO—Water levels of Lake Tahoe have for many years been the subject of controversy among property owners on the shore of the lake, and other interested parties. High water levels have caused damage to installations along the shore, and to beaches, and have affected sanitation facilities. On the other hand, extreme low water levels have had equally adverse effects on such recreational installations as piers and boat landings, on the use of the beaches, on pipe lines and on general aesthetic values.

Hearing August 28
Because of these facts, and because water levels of the lake are related to uses of Lake Tahoe water both in California and Nevada, the Interstate Compact Commission of California has called a public hearing on the matter. The hearing will be held in the Meeks Bay Theater in Meeks Bay at 1:30 p.m. on August 28.

The problem stems from the fact that, although Lake Tahoe is a national lake, it is a natural lake.

Continued on Page 8

Yacht Club Races Set For August 25

HOMEWOOD—The annual Tahoe Yacht Club races and regatta will be held Sunday, August 25th at the Chambers Lodge, one-half mile south of Homewood. J. Phillip Murphy, commodore of the club, announced a full program including the famous Tahoe hydroplane championship race.

The program this year includes a race at 140 horsepower class instead of 145 hp as in the past. A new race has been added in the 155 hp class.

An additional event which will command interest will be the revived relay race which will consist of four teams of five boats each. The captain of each team will consist of the winners of the 115 hp, 130 hp, 140 hp and 175 hp classes.

The treasured trophy of all will again be the perpetual trophy, the Commodore's Cup which was won last year by J. B. Castle, Jr., of Piedmont.

The races start promptly at 9 a.m. and according to Stanley Good, official starter, races will follow one after the other as fast as the course can be cleared of one class and the other ready to go.

Lowell Berry, chairman of the regatta committee, stated that this year's program should be one of the most exciting in the history of the club.

The annual meeting and luncheon of the yacht club will be held Saturday at noon at Chambers. Reservations must be made by Friday, August 23 at noon. Members, prospective members and guests are invited.

MALE ANIMAL WILL END COLLEGE SHOWS

TAHOE CITY—The second production of the current season by the Sacramento State College Summer Theater at Lake Tahoe, will be The Male Animal, slated to be staged at the Tahoe Lake School at 8:30 p.m., August 21, 22 and 23. The Male Animal, a laugh-filled comedy written by James Thurber and Elliott Nugent, is the final production of the summer season of the college.

The cast includes Paul Bertrand, Betty Martin, Jon Frieske, Marsha-Jo Demorest, Stuart Kauffman, Dixie Long, Wayne Willie and others.

LIONS MEET

Informal talks by the four visiting Lions featured the meeting of the Truckee Lions Club at Donner Lake Lodge last night. Plans for the forthcoming Calcutta pool were discussed. The visitors included George M. Wallace of Dixon, John W. Wyatt, Lincoln; Paul Capel of Truckee and Chris Roden of El Cerrito. Dr. Ben King presided.

Dr. King, Horman Named Directors Of Utility District

Talks With PG&E Asked As Board Sets Aside Park Land

Dr. Ben King of Gateway Park and Dan Horman of Donner Lake have been named to the board of directors of the Truckee Public Utility District to fill out the recently authorized five-man board. Other directors are George Kaspien, Hal Welch and Jack Neugebauer.

The appointments are not effective until the next general election of the board.

The board at its last meeting authorized Attorney Paul Chamberlain to confer with officials of the Pacific Gas and Electric Company relative to the possibility of obtaining a new source of power by bringing a line over Donner Summit.

The current source the Sierra Pacific Power Company has lines running through the district, but C. Edmunds, local district manager, said that officials of the P.G.&E. have stated that power is available and that a study may be undertaken to determine the feasibility of service to this community, connecting with the utility district at the summit, 12 miles west of here.

At the request of a group of local citizens, headed by Mrs. Karl Kielhofer, the board of directors has set aside 40 acres of the district's land south of the Truckee River and north of the proposed airport site for recreational purposes, primarily a future golf course.

A study of the possibilities will be undertaken by the district and the group to determine costs and feasibility of the recreational area.

In other actions the board noted that the district should become a member of the joint venture which is part of the California Disaster Plan.

There are at present 116 water, gas and electric utilities members of the joint venture, Edmunds pointed out. The venture is set up to assist any utility in case of disaster or emergency beyond their own resources. Through the agreement every member utility has at its command the entire resources of the state and federal agencies. Cost of membership is based on annual revenue of the district and in the case of Truckee it amounts to \$6 per year.

Football Practice At School Monday

Tahoe-Truckee High School's Wolverines starts their 1957 football season next Monday, August 19, under Head Coach Stan Drakulich and his newly appointed assistant, Minor Rootes from Fowler.

Special notice to all prospective candidates for the varsity team is that physical examinations will be given at the school on Friday evening, August 16 and again on Monday evening, August 19. Players may appear on either date for this examination, starting at 7 p.m., which will be given by the local doctors.

The practice schedule for all varsity candidates will be on a double session basis, starting Monday, August 19. Times for these two sessions will be 10 a.m. and 5:30 p.m. Equipment will not be issued to any player until a physical examination and parental permission card is signed and turned into the coaches.

The Junior Varsity team, new this year to Tahoe Truckee and playing a five-game schedule, will be coached by Calvin Farley, last year's baseball coach and formerly of Lassen High. The JV call for practice will not be heard until school begins on Tuesday, September 3.

1957 Home Games Schedule
Sept. 21—South Tahoe.....2:00 p.m.
Oct. 5—Quincy.....2:00 p.m.
Oct. 19—Lovelock.....2:00 p.m.
Nov. 2—Douglas.....2:00 p.m.
Nov. 9—Manogue.....2:00 p.m.

Games Away
Sept. 13—Yerington.....7:30 p.m.
Sept. 27—Fallon.....7:30 p.m.
Oct. 12—Loyalton.....2:00 p.m.
Oct. 25—Winnemucca.....7:30 p.m.

Street Fight Results In Fines In Truckee Court

A street altercation Saturday night resulted in the arrest of three people and subsequent fines totaling \$65 in the court of Judge F. W. Wilson. Charged with being drunk and disturbing the peace were Martin Dorteous and Martin Fuller each of whom paid \$25 fines. Mrs. Mildred Fuller was fined \$15 for violating the county sobriety ordinance.

Thetrio was arrested by Deputy Sheriff Roy Waters.

William McDermott was sentenced to 10 days in jail by Judge Wilson on a drunk charge. John McDowell was given a 10-day suspended for being drunk and shortly after leaving the court wound up in jail on a similar charge.

Alan S. Hart, district three engineer for the state division of highways, was here this week from Marysville to inspect work being done on U.S. Highway 40 in this area.

ON EAST TRIP

Mr. and Mrs. E. R. Todd planned to leave yesterday for Kansas City, Mo., where he will visit with three brothers and a sister he has not seen for 16 years. Mrs. Todd will visit with her father in Oklahoma. They will be gone two weeks.

Children Playing With Matches Is Branded As Dangerous Fire Hazard

By Swanee

TAHOE CITY — Smokey the Bear, mythical representative of the U. S. Forest Service, who each season solicits the aid of youngsters and adults alike in an all out effort to prevent fires and keep California and Nevada forests green, would indeed be pained to learn of the current wave of carelessness now existing in many areas.

Fire Patrolman Jack Schindler of the William Kent campground forest service station reports that last week on a particularly windy day, the sheriff's office at Tahoe City called him to look for a group of small boys reported to be playing with matches in the woods. He

combed the Holiday Park area and late in the afternoon ran across a family having four boys with another lad living nearby.

Schindler questioned the boys with their father joining in the interrogation. At first the boys denied they had played with matches but finally the smallest of the group admitted they were guilty.

He described their game as trying to see who could toss a burning match the greatest distance. One of the boys, who ranged in age from nine to 12, had spent a dime for ten boxes of matches with which the game was played.

Patrolman Schindler said he approved highly the round of sound paddlings the conscientious father administered to his brood.

Schindler declares his wanderings carry him far afield and often he finds young boys with matches. During the current season, the

Elfred Luhrs Entertain At Home On Truckee River

TAHOE CITY — Mr. and Mrs. Elfred Luhrs held one of the gayest cocktail parties of the season last week at their attractive Truckee river home. Mrs. Clark J. Burnham, Jr., their daughter from Piedmont, assisted in receiving the guests.

Many of their Piedmont neighbors were among those present.

The guest list included Messrs. and Mesdames J. Philip Murphy Lewis Marston, Albert Miller, Edward B. Laws, Dan Harrington, James Germain, Bert Bailey, Harry Petray, Nelson Keeler, D. Weisinger, Samuel Means and Ernest Houdlette and guests, Felix McManahan and Claude McIntyre.

Mrs. Ollie Meek, daughter of the Luhrs and her family arrived from Piedmont to spend the month of August at the Luhrs home here. Mr. and Mrs. Luhrs leave soon for the Jackson Hole and Sun Valley areas to enjoy some fishing. They will return in September in time for deer hunting.

Mrs. Walker Hostess At Party For Tahoe Youth

TAHOE CITY — Mrs. Elizabeth Walker, prominent member of the Truckee river colony, last week entertained at her home at an impromptu dinner party given for Marvin Mendonca, who left the following day to join the navy. He is the son of Mr. and Mrs. Gregory Browne of Tahoe City. Marvin attended Tahoe Lake

CERTIFICATE OF BUSINESS

Fictitious Firm Name

The undersigned does hereby certify that he is conducting a General Insurance business on the second floor of the MASONIC BUILDING, North side of Commercial Row, Truckee, County of Nevada, California, under the fictitious firm name of R. N. LITTLE INSURANCE AGENCY, and that the said firm is composed of the following person, whose name and address is as follows, to wit:

Carroll Zane Smith
Post Office Box 245
Truckee, California
Witness my hand this 19th day of July 1957.

State of California ss

On this 19th day of July 1957, before me, James R. Morhain, a Notary Public in and for the said County and State residing therein, duly commissioned and sworn, personally appeared Carroll Zane Smith, known to me to be the person whose name is subscribed to the within instrument and acknowledged that he executed the same. In witness thereof I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

JAMES R. MORHAIN (Seal)
Notary Public in and for the County of Nevada, State of California. My Commission expires Oct. 11, 1960. j25a1-8-15

NOTICE OF REQUEST FOR BIDS

Notice is hereby given that sealed bids in duplicate will be received by the Directors of Truckee Public Utility District at the office of the District, Main Street, Truckee, California, until 9:30 a.m., August 29, 1957, for the purchase of the following:

1—one only, four-wheel drive one-ton truck with pickup body.

Specifications for the above truck equipment may be obtained from the manager of this District. TRUCKEE PUBLIC UTILITY DISTRICT BOARD OF DIRECTORS.

30-DAY SEASON FOR DOVES IS APPROVED

The California Fish and Game Commission this week approved a 30-day dove season and a split band tail pigeon season, both the same as last year, at its meeting in Los Angeles this week.

The dove season will open September 1 and close September 30. Bag and possession limit is 10 doves, same as last year.

The first band tail pigeon season will be from October 1 to October 31 in the northern counties of Del Norte, Siskiyou, Modoc, Lassen, Shasta, Humboldt, Trinity and Tehama. The season will be from December 1 to December 31 in the balance of the state.

Bag and possession limit is six pigeons, same as last year. Shooting hours, also the same as last year, are one-half hour before sunrise to sunset.

official aid, several fires have been started by children in the Tahoe area, but fortunately each time they have been noticed in time to prevent serious conflagrations.

Schindler points out that parents are liable for the fires started by their children and any damage resulting. He requests anyone seeing children with matches to report it immediately.

Schindler pointed out that the forests are extremely dry and that even a spark might result in a major tragedy.

Beautiful Tahoe

That's what a swell couple said as they arrived at our home all the way from San Diego County to get married at Lake Tahoe. The couple that took the marriage vows was William Rogers Stillman and Hazel Lucille Reid both from La Jolla. The ceremony was one to be remembered, especially with such a delightful couple. Audrey and Sam Harrison were the witnesses. Their honeymoon was to be spent both in Reno and Kings Beach, before returning to La Jolla where they will make their home.

Visiting

Ruth, Ty, Rickey and Tracey, granddaughter and grandsons of the Spawers are visitors with the Joe Spawers at Brockway. They are from Porterville and will make an indefinite stay.

Birthday

Wee Randy Williams, son of Wyman and Beverly Williams, celebrated his fourth birthday on Saturday the 10th so that makes him four times bigger than he was four years ago. Randy had a wonderful day, all the presents and fun that he could wish for.

Returns

Had some wonderful visitors last weekend. Charles Redd and Matt Gaffney Matt from San Francisco and Charles from Oakland. Charles Redd will be teaching at the Truckee High School come September after being in the service which necessitated an absence from the school. He was very popular and it is wonderful to know he will be back.

Big Crowd

The past weekend was the largest, both for the resorts also the casinos. They were just packed and some wonderful shows were on tap for the enjoyment for young and old.

Tahoe Helicopters

Fred Schultz was telling me of the possibilities of the many services that can be performed by the helicopters. For instance, as Fred says, their Whirlybird has been going this last week. It carried 6000 pounds of material and per-

sonel to the top of Squaw Peak from the bottom of Squaw Valley. The complete operation covered four hours, fifteen minutes and the chopper worked two hours, fifteen minutes of that time. Using the tramway, chairlift and pack horses would take more than six days would be used for the same job. Bill Dehnke, the helicopter pilot, certainly proved that they are worth their use.

Lions

Ladies' night was held by the Lake Tahoe Lions Club last Tuesday night at the Crystal Bay Club. A good movie was shown and Red Waddell presided.

Attractive

The Tarzaks have opened up their beautiful Totem Pole Lodge in Tahoe Vista. It is a real asset to the community and there is a cute sign on the front that makes it real attractive, especially at night when it is lit up.

Very Sad

R. W. (Rollo) Birch, dealer, at Crystal Bay, told of his son, Woodson Lee, being drowned in Lake Michigan. He was living at Gary, Ind. The lad was only 17 years old.

His dad, Rollo, was very much saddened at the news. Interment was at Gary. Our deepest sympathy goes to Rollo.

Wondering

The community of Crystal Bay is still wondering what is going to happen to the Tahoe Biltmore Hotel. Things are pretty quiet around there these days, but I am told that the apartments are filled all the time. The answer may be coming in a day or two.

Improving

Our friend, Larry Patton, who was bartending at the Crystal Bay Club is proudly showing his operation. He underwent a serious one in a Reno hospital, and we are mighty glad that he is coming along very nicely. Also, Darlene, his wife, is coming along from an illness. They tell us they might be going to Hawthorne, Nev., very shortly. We certainly wish them both better health from now on.

Weather

Well, here we are, Monday morning and beautiful temperature at 66 and noon. It is really beautiful, and the area is just crammed with visitors. It's too bad that Labor Day is so soon, just as we were about to get the most gorgeous weather of the year, and October with the beautiful golden leaves everywhere. Oh, if only our summer visitors could see it then.

Celebration

I talked about Randy Williams' birthday, and now I hear that his grandma and grandpa, Sophie and Arnold Miedema, arrived from San Pedro and celebrated the event for the second time, and it was really a big event. Randy was really a lucky boy with all the gifts imaginable. Those grandparents can really go overboard with their grandchildren, huh?

Court News

Daniel Earl Winters was arrested by Jerry Rapisarda for driving to the danger of persons and property, and upon appearing in court was given 60 days suspended sentence and ordered to stay away from the Tahoe area indefinitely. Tom O. Thomas was arrested on a charge signed by Bee Ridgway on disturbing the peace and also a charge signed by Angelo Chiaratti

POULSEN HEAD OF TWO NEW CONCERNS

Secretary of State Frank M. Jordan announced last week a Nevada real estate company, Winding Creek Co., has filed articles to form a California corporation, with Wayne E. Poulsen, of Squaw Valley, acting as the California agent. The firm's main address is the First National Bank Building in Reno. It will be capitalized in California with 2,500 no par shares. In addition the firm also filed to form the Forest Glen Co., to be capitalized with a similar amount, with Poulsen also serving as its California agent.

for being drunk and resisting an officer. He was to pay a fine of \$75 on each charge or 90 days. At the moment he is serving the time.

J. S. Callen was put on probation for a month, and R. S. Callen and De Fehr were to pay a fine of \$25 for being in possession of a half case of beer in their car.

Two accused drunk drivers appeared in court last Monday morning. William A. Verner was arrested by Sergeant Rabska and Jerry Rapisarda, and after a plea of guilty, was fined \$263 and his license suspended for 30 days. Hoburn Medill of Reno was arrested by E. R. Meixner on a drunk driving charge on being on wrong side of road and driving with defective brakes and was assessed a fine of \$296 or 90 days. He is in jail at Auburn. H. H. Greenstreet was fined \$50 or 30 days and is also in jail as a drunk driver.

A Terrific Hazard

One of the worst hazards on the road is the slow driver, with a dozen cars trying to pass, they create bad passing which is causing more trouble than even speeding, and the slow driver gets away scot free, doesn't even know of the tragedy that they have caused. One driver has asked for a jury trial in this court. He was traveling at 20 miles per hour for three miles, going around Cedar Flats and over Dollar Hill, some of the worst curves in this area.

NEW VEHICLE LAWS EXPLAINED TO GIVE MORE PROTECTION

California motorists gain several important new legal protections relative to ownership and safe operation of their vehicles under the provisions of scores of bills signed into law by Governor Goodwin J. Knight, during and after the 1957 regular session of the legislature.

Paul Mason, director of motor vehicles, in Sacramento reviewed major developments in department of motor vehicles responsibilities under amended and added provisions of the state's vehicle code, most of them effective September 11, 1957.

"The driver licensing function is given added effectiveness by new statutes that provide incentive to all drivers to maintain safe records, so that they may be entitled to renew their licenses for five years instead of shorter periods," Mason said. "This is a major adaptation of a 'merit' system to driver licensing."

The new license law will place first time licensees on a three-year term. If they maintain good records their licenses may become eligible for five-year renewal. If their records show two or more traffic violations in the case of operators, or four or more in the case of chauffeurs, they may receive renewals for probationary two-year terms only. The commission of any felony in which a motor vehicle is involved is grounds for limiting the renewal to two years.

These terms for driver's licenses are also to be tied in with a new provision establishing the applicant's birthday as the expiration date, in the final year of the term of the license. Adjustment of the current four-year licenses to the new anniversary date will be made as present licensees apply for renewal. Another new provision permits application for renewal within six months' period before the expiration date.

The director cited as another improvement the provision requiring that operators licenses be specially endorsed to permit driving a motor vehicle weighing more than 12,000 pounds, or driving any motor vehicle towing another vehicle weighing more than 6,000 pounds. Another new law will require applicants for drivers licenses to demonstrate ability to read and

NEVADA COUNTY FAIR WILL OPEN ON AUGUST 22ND

GRASS VALLEY—On a cool, pine-shaded 80-acre exposition grounds the Nevada County Fair opens Thursday, August 22 for four days and nights of entertainment and fun for all ages and tastes.

The day-time program will include the displaying and judging of outstanding examples of California livestock and foothill agricultural products, and the night entertainment will include a diversified program presented in the new outdoor arena.

understand the simple English used in highway traffic control and directional signs.

Motor vehicle registration this year made an important acknowledgment of the heavier responsibilities every motorist must carry for meeting the cost of damages in highway accidents, by amending the financial responsibility laws. Liability requirement limits are increased from the existing \$5,000-\$10,000-\$10,000 minimums to \$10,000-\$20,000-\$5,000, respectively, to become effective July 1, 1959.

Loma Rica Airport May Issue Shares, State Says

SACRAMENTO (CNS)—Authorization for issuance of 2000 shares of stock in Tahoe Sierra Airways, Loma Rica Airport, Nevada County, was granted by the state corporation commissioner.

The company will sell aircraft supplies, make repairs, charter flights, and give flight instruction. Director are Jack Elsbree, John J. Looser, Frank L. Towne, and Charles V. Litton.

On the opening night Nevada County's most talented farm youngsters will present an outstanding 4-H Club talent show.

Dancing, singing and variety acts will be featured on the second night show directed by Alfred Cunningham, youthful theatrical impresario now on the staff of the music circus in Sacramento.

Saturday night, August 24 will feature a full-scale rodeo with more than 100 head of bucking stock to be conquered by a like number of hard-riding cowboys.

An all-western horse show will be presented Sunday, August 25 at which the six top winners in the rodeo roping, saddle and bareback events, calf roping and Brahman bull riding will ride it out in the finals.

The final night show Sunday night, August 25 will be an eight event micro midget race program in which the roaring vehicles will perform on the new one-eighth mile fairgrounds speedrome.

One of the closing highlights of the exposition will be the second annual livestock auction in which the Nevada County Purebred Beef Breeders will cooperate with the 4-H Clubs in disposing of 15 lambs and 15 steers, all premium animals. The event will be held Sunday morning at 10:30 a.m. in the gonigal is general chairman of the auction.

Promtional Director Is Lake Rotary Speaker

KINGS BEACH—President Fred Baker of the Rotary Club of Brockway presided at one of the largest meetings of the club, Monday night, at the Crystal Bay Club. Many visiting members were present from the clubs of Tahoe City, Huntington Beach, Oildale, Indio, Gon-Breeders will cooperate with the 4-H Clubs in disposing of 15 lambs and 15 steers, all premium animals. The event will be held Sunday morning at 10:30 a.m. in the gonigal is general chairman of the auction.

Program Chairman Mex Springer introduced as speaker of the evening Milton Jellins, promotional director of San Francisco. Jellins' subject was "America 20 Years from Now."

Pony Express Riders Off On Trip Over Mountain

TAHOE CITY—At the pre-dawn hour of 5:03 Carl Becholdt, Sr., handed a mail pouch to specially deputized Wendell Robie of Auburn and Nick Mansfield of Reno for the final lap of the Pony Express dash from Tahoe to Auburn. The mail pouch contained a letter from Governor Knight to President Eisenhower.

Nineteen horsemen left this lake town in this third annual Pony Express ride to Auburn, 100 miles away. The group was led by Robie who was named as trail boss and is attempting to make the trip in less than 24 hours. The riders rest only during brief stops for lunch, dinner and rest stops along the trail.

PAJAMA GAME WILL CLOSE MUSIC CIRCUS

The finale of the Sacramento Music Circus 1957 season is underway in the colorful tent theater at 15th and H streets in the capitol city with a two-week run of "The Pajama Game." The musical comedy is playing nightly through Sunday, August 25.

The allstar cast includes Chick Chandler, Kathleen Freeman, Allyn McLerie, Jacqueline James Stewart Rose, Oliver Cliff, Rolfe Sedan and Edwin Dunning. The Music Circus ensemble of dancers and singers is being featured in several delightful numbers.

Highlight of the two-week run will come each Sunday evening when the regular performances are followed by the traditional hits from the hits presentations. The favorite numbers from this season's past shows will be sung by the cast of "The Pajama Game" and by stars of earlier successes who will return to Sacramento for encores.

Tickets for all performances are available at the Civic Theater box office, 1419 H street, in Sacramento. Mail orders are promptly filled.

California's first commercial bank, an "Exchange and Deposits Office," opened in San Francisco January 9, 1849.

Sees Beauty

Since the poets have covered all subjects under the sun surely somewhere, some time there is a poem called "The Monotony of Beauty" or Oh, No, Not Prettiness Again" or perhaps, simply, Oh! I like that last title best, and would use it for the poem I am not going to write even if I could. This nonsense stems from the fact that I am

lucky enough to have to drive the same 13 miles every day and have found that there is no weariness for the eye no matter which direction it looks. Antoine St. Exupery who spent many hours in the air before his death said that in the sky one sees that the earth is made up of vast desert places broken only here and there by habitable oases. We live in a very special oasis and, surrounded by beauty as we are, can never forget that our joys are augmented thereby and our griefs lessened.

Pony Express

My ambitious family got up the other morning before dawn to see the Pony Express off to a boldly galloping start. Wish we had Pony

Express dashes every day—or at least a pony.

Rotary Club

Rotary met for luncheon meeting at the Tahoe Inn Tuesday with 39 visitors present and 27 members. President Warren Porter presided over the business meeting and introduced four of the visiting Rotarians who told of the activities of their own clubs and communities.

Killed In Crash

Mrs. Jess Taylor has sad news. Her son-in-law, Lawrence Mullins, Jr., was killed in an auto accident in Kentucky the last Saturday in July. With him were his father, Lawrence, Sr., who was also killed, and Mrs. Taylor's daughter, Lucina Mullins, who was badly injured with several ribs broken. Mullins leaves four children besides his wife. Another daughter, Mrs. Harold Beck has driven back to bring the widow and the children to the Jess Taylor home. The Mullins were recently returned from overseas service in Germany and were visiting friends and relatives while en route to the West Coast here to make their home.

Revisit Tahoe

Mr. and Mrs. George Babcock and their two youngest children, Sherry and Allan, are again camping at William Kent. Babcock worked here formerly and rarely misses at least a week or two each summer at Tahoe. They have been visiting old friends and fishing, and although they are recent grandparents they still love to dance into the wee small hours.

At Lake Forest

Mr. and Mrs. Kenneth Grahm from Minnesota have been recent visitors in the Lake Forest home of their brother, Ray Grahm.

Patio Luncheon

Mrs. Marshall Rukhala was hostess Tuesday of a patio luncheon in honor of the Misses Caroline Hansen and Marianne McDougald who have been teaching a weekly Bible class in the Rukhala home. Thirteen ladies and 12 youngsters were present. Among them were the Mesdames Sybil Knapp, Dorothy Painter and her guest, Margaret Osburn from Sacramento, Irene Grahm, Esther Stimson, Carolyn Hendrikson, Alice Lundgren, Jean Babcock from Madera, Henrietta Rhodes from Truckee, and Joanne's sister-in-law, Betty Dean from Walnut Creek. Mrs. Rhodes will continue teaching the Tuesday morning class, it was announced.

LeSueurs Visit

Mrs. Max Bretzfelder reports that things are so busy at Tahoe Park that private families are going into the hotel business. Seriously, she tells of a most pleasant weekend with old neighbors, Mr. and Mrs. LeSueur, who were most disappointed not to find housing near their old neighborhood. It just happened that Bretzfelder's little guest cottage was unoccupied so that they prevailed upon LeSueurs to stay with them. LeSueur, one time maître d'-hotel at the Tahoe Tavern and still fisherman par excellence, gave grandson Jeffrey Marmelzat a fishing idea or two and kept the table full with trout.

Feted At Dinner

Jim and Doris Day were guests of honor at a dinner at Bacchi's Wednesday night which was arranged by Bill Williams and other employees of the telephone company. Days are moving to Idaho, their former home, where Jim will still be in the employ of the Pacific Telephone and Telegraph.

Circus Over

Circus day has come and gone. Wilted mothers, happy kids, worn-out bus drivers, all the result of this fine event which the Shrine puts on each year. The happy kid angle is of course what makes all the other parts worthwhile.

Theater Group

Ken and Carol Marvin have been approached by several people about the possibility of a theater group here for the fall and winter. Many of you will remember the wonderful program which the Women's Club put on two or three winters ago. Bob Beaverson helped the women in their production then and there was some talk about going on to do plays then but the summer season came too soon and the subject has not come up till now. The fine plays the Sacramento State College summer session has been putting on has fired local enthusiasts and so it is announced that anyone who is interested at all in a theatre group should get in touch with Ken Marvin. His phone number is Juniper 3-3456.

Trailer Owners Warned To Have Loads Proper

Make sure your car and trailer is properly loaded warns the California Highway Patrol. "Motorists with poorly loaded vehicles are definite hazards on the highway," declared Sgt. Frank Snyder.

"Overloading and failure to properly secure articles are dangerous practices frequently resulting in lost articles dropping along the roadway. "These items scattered along the highways are accident causing factors particularly at night," Snyder also stated. "The law says that no vehicle shall be driven or moved on any highway unless such vehicle is so constructed or loaded as to prevent any of its contents or load other than clear water from dropping, sifting, leaking, or otherwise escaping therefrom.

"The solution to this problem is simple, do not overload and make sure everything is securely fastened," he concluded. "It is also wise to stop occasionally and check both car and trailer to ensure safety."

A mixture of dirigibles, monoplanes and biplanes participated in the world's first aviation meet at Dominguez Field, Los Angeles, in 1910.

The world record for chinook salmon was established in 1910 on the Umpqua River in Oregon when an 83-pounder was landed by F. R. Steel

Telephone JUNiper 3-3687

Received a real surprise early this Monday morning when daughter-in-law, Betty Baker, drove in to see me in the Bakers' new fiery-red sports car! It sure is a little honey and the first of this model sold in these parts.

No wonder that extra blanket on the bed has felt so cozy these last few weeks. Called Art Prodenberg down at the dam this morning and he tells me that the barometer dropped down to 34 on the sixth of August.

Recent visitors from Bakersfield who greatly enjoyed their first visit to Lake Tahoe were Mr. and Mrs. Al Gargas and children, Ronald and Gilbert, who were guests at Mayhew's Ward Creek cabins over the weekend. They were accompanied by Mrs. Chloris Mathewson and daughters, Karla and Marilyn of Sparks.

Visitors to our shores on Saturday

day last were Mayor Ed Richards of Sparks and Ensign Jack Markley of Pensacola, Fla. The latter was the pilot of the navy plane which transported the 36 boys of Boy's Navy League of Nevada to Florida and back. Ensign Markley was enthusiastic in his compliments regarding both Lake Tahoe and Nevada country, which he saw for the first time, taking many pictures along the way. He left for Florida duty again on Sunday morning early, with a promise to return at an early date.

Joe Henry of Tahoe City on Monday was reported resting easy at St. Mary's Hospital in Reno where he will be detained for another week undergoing special treatment for a kidney infection. Good luck, Joe!

Frank Daft of Pineland, the "in again, out again," hospital patient who has made at least six trips to hospitals since the first of the year, is in again! He left on Sunday with his wife, Midge, and daughters, for San Francisco. On Monday he was scheduled to enter Franklin Hospital where he may still have to undergo a disc operation.

The Don Snyders entertained

members of the family from out of town at their lovely new Lakeshore home near Tahoe City over the weekend. Guests included her brother and wife, Mr. and Mrs. Victor C. deGanna of Stockton, and her sister, Mrs. Peter Riolo, and husband of Sacramento. The Snyders hosted a delightful barbeque at the A. A. Snyder residence on Sunday in Lake Forest. Many of their guests hailed from Sacramento.

Ma Bell's family from Tahoe City, approximately 60 strong, gathered on Wednesday evening last at Bacchi's Inn in Lake Forest to stage a farewell party for one of their members who is moving to Idaho. The honored guest was Jim Day, whose wife, Doris, shared the spotlight. Dinner and dancing was enjoyed until a late hour.

Mr. and Mrs. Sandy Saunders of Sparks joined Mrs. Jeannette Mitchell and son, Dale, and George Selkirk, for an overnight camping trip on Saturday night last far up Ward Creek.

Mrs. Ida Selkirk has been released from Tahoe Forest Hospital in Truckee where she was a patient for several weeks. She is residing at the home of her son, George Selkirk, in Pineland.

September 5 is the date set for the next Women's Club of Tahoe meeting to be held at the A. A. Snyder home in Lake Forest. Mrs. Phil Geier, in charge of the day's program, states that an invitation has been extended, as is customary each year by the club, to hospitalized veterans of the Reno Veterans' Hospital to come to Tahoe for a day's outing. Entertainment always consists of luncheon and boat rides for the guests. This year no word has yet been received from the hospital which will permit the boys to make the trip. Should they be denied permission to attend Mrs. Don Snyder, president of the club, states that club members may defer their meeting until the evening of the fifth at which time the husbands will be entertained at a pot-luck dinner instead.

TIMELY TIPS

by MRS. MARIE HENRY

A Timely Tip From Your Federal Civil Defense

Milk needs special attention during an emergency as it is easily contaminated. If you are not sure your supply of bottled milk has been pasteurized, heat-treat it at home before using. Canned milk is heat-treated in processing. This may give your bottled milk a cook-

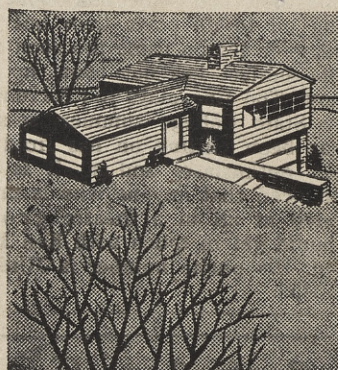

NOTICE OF HEARING TO GRANT A VARIANCE IN SETBACK OF 5' IN WOOD- VISTA SUBDIVISION

Notice is hereby given by the Placer County Planning Commission that a public hearing will be held by said Commission on August 23, 1957, in the Supervisor's Room at the hour of 10:25 A. M. to consider the application for a variance to build garage on street line, 5' setback from property line, on Lot No. 7, Block V of Wood-vista Subdivision, 1/2 mile west of Kings Beach, California. Said variance is requested because of snow removal difficulties in the winter months.

At said hearing all persons in favor of the granting of said variance and all persons opposed thereto may be heard.

DATED: August 8, 1957
HARRY STUBLEY,
Secretary, Placer County
Planning Commission
NANCY J. CAPERON,
Clerk of said Commission.

SLOW DRIVERS ARE WARNED ON LANES

SACRAMENTO — Slow drivers who fail to keep right on multi-lane highways are traffic law violators, says the California Highway Patrol.

"Section 525.1 of the California Vehicle Code requires a driver who is driving slower than the normal speed of traffic to keep in the right-hand lane or as near the right edge or curb as is practical," declared Patrol Commissioner B. R. Caldwell. "There would be less congestion and accidents on our freeways if all drivers would heed this rule."

"Frequently cars pile up behind ed flavor, but this is a wise precaution. Two simple methods for heat-treating fluid milk at home will be given next week.

the driver who is loafing along in the left or passing lane setting up accident potentials for every driver who endeavors to move with the normal flow of traffic," Caldwell stated. "Frequently, the slow driver who sets up the hazardous situation is not involved in the accident, nor is he aware of the consequences of his act."

"To eliminate this condition motorists must stay in the right-hand lane except when preparing to turn left or while overtaking and passing another vehicle," he concluded. "It is well to keep in mind the slow driver who persists in driving in the left-hand lane is subject to a traffic citation."

Good specimens of the dawn redwood tree may be seen at the Saratoga Horticultural Foundation at Saratoga.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO (CNS) — One of the legislature's most respected committees, the Senate Committee on Fish and Game, has issued a blistering report which, in its 147 pages, has hardly a good word to say for the Fish and Game Department or Commission.

Members of the committee were so busy during the recent legislative session carrying out the recommendations of the report that the document could not be completed for release before now. However many of the recommendations for reductions in powers and authority of the commission and department were approved by the legislature and subsequently signed into law by Gov. Goodwin J. Knight.

The report is replete with instances of misrepresentation of facts by the agencies involved, plus

their repeated disregard of advice offered by such agencies as the legislative auditor bureau, whose function it is to advise the legislature on financial matters.

The cream of the report, for the most part, already has been made public and, in many instances, carried in the state's press. However, because of the sheer bulk of the transcripts of testimony at the committee's 15 hearings and the details of the evidence, many of the finer points have never seen the light of day previously.

In some cases, they provide better reading than the more startling statements of the report, such as the one that the committee has a multitude of two-appeals—asking first for the removal of Seth Gordon as director and second for the stripping powers from the commission.

While the committee was compiling its dossier for such things as the chapter on "Big Game Management," it also was making a study of what the license-buying sportsmen were receiving for the \$150, 370 spent in 1955-56 for "in-service training and hunter safety training." In a letter from the Department

men to the California Wildlife Federation, the department said \$71,226 of this total went for printing, "about \$60,000 was paid for publications of popular interest and distribution." The balance was said to have gone into technical publications.

However, the committee said an examination of the governor's budget showed \$20,066 had been spent for the technical type publications.

The committee noted that, prior to 1954, the department not only gave such publications away, free of charge, but also paid the not inconsiderable costs of mailing and handling. Since the program of selling such material was instituted the committee said "one disturbing feature of the continued rise in spending for publication of technical material is that this does not reflect the sale of such reports."

While the department has estimated it would realize between \$10,000 and \$15,000 a year from the sale of the reports, the committee said only \$222.75 could be considered as having come from such sales in 1955-56.

"Further," the report said, "such

publications as "The Effects of Sodium Fluoroacetate (1080) on California Quail," "Separation of Eggs on Synentognath and Allotriognath Fishes in Early Embryonic Stages," and "Notice on the Spawning of the Humpback Sucker" sold not a single copy during this period, to mention only a few."

Actually, the printing costs of the Humpback Sucker studies and such are only a small matter, when compared with the money spent in making the surveys that apparently of little interest to anyone other than Humpback Suckers.

The tenor of the report would seem to lend weight to current rumors that a big shake-up is forthcoming in the state's fish and game administration.

AGREEMENT NOTICE OF AGREEMENT TO PURCHASE PROPERTY DEED- ED TO THE STATE FOR DELINQUENT TAXES

NOTICE IS HEREBY GIVEN in accordance with the provisions of Division 1, Part 6, Chapter 8 of the Revenue and Taxation Code and the written authorization of the State Controller that an agreement, a copy of which is on file in the office of the Board of Supervisors of Nevada County, has been made between said Board of Supervisors and the State of California, Acting by and through the Department of Public Works and approved by the State Controller, whereby said County will sell to said State of California, under the terms set forth in said agreement all the right, title and interest of the State of California in and to the real property hereinafter described.

That, unless sooner redeemed or an installment plan of redemption is initiated, the undersigned Tax Collector, pursuant to said agreement will, not less than 21 days after the first publication of the mailing of this notice as required by law, whichever is later, sell said property to State of California.

That upon the sale of the property the right of redemption will cease. For information as to the amount necessary to redeem or initiate an installment plan of redemption apply to John T. Trauner, Redemption Officer of Nevada County, in the Court House in Nevada City, California.

The property referred to and contained in said agreement is situated in the County of Nevada, Truckee, State of California, and is substantially described as follows:

In Truckee in the McGlashan's Addition, Lot 13, Block N, and last assessed to John S. Shanly.

Dated: At Nevada City, California this 1st day of August, 1957.

ELMA HECKER,
Tax Collector, of the County of Nevada, State of California.

NOTICE TO CONTRACTORS

Notice is hereby given that the Tahoe-Truckee Unified School District, Counties of Placer and Nevada, State of California, hereinafter referred to as the Owner, will receive up to but not later than 3:00 P.M. on the 29th day of August, 1957, sealed bids for the award of a Contract or Contracts for construction of an Addition—Classrooms and Locker Rooms—to the Kings Beach School, Kings Beach, Placer County, California. Such bids shall be received at the Office of the Superintendent, Tahoe-Truckee High School, U.S. Highway No. 40 near Truckee, Nevada County, California, and shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Articles 1 and 2 of Chapter 1, Part 7, Division II of the Labor Code, and Local Laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates, are as follows:

CRAFT	Hourly Wage Rate	Per Diem Rate	Holidays & Overtime
Boilermakers	\$3.45	\$27.60	\$6.90
Bricklayers	3.80	30.40	7.60
Carpenters	3.475	27.80	**
Electricians	3.67	29.36	7.34
Glaziers	3.055	24.44	***
Iron Workers—Reinforcing	3.15	25.20	6.30
Iron Workers—Structural	3.40	27.20	6.80
Laborers—General	2.505	20.04	****
Painters & Decorators—Brush	3.20	25.60	6.40
Plasterers	3.55	28.40	7.10
Plumbers	4.60	36.80	9.20
Roofers	2.975	23.80	****
Sheet Metal Workers	3.45	27.60	6.90
Tile Setters	3.28	26.24	6.56

OVERTIME: Any additional time worked after the regular work day, Saturdays, Sunday and Holidays shall be considered overtime and paid for at double the straight time rate unless otherwise specified herein.

** For the first four hours after the regular work day, overtime shall be time and one-half. All additional time worked up to 8:00 A.M. and on Saturday, Sunday and holidays shall be double time.

*** For the first four hours after the regular work day and Saturday morning overtime shall be paid for at the rate of time and one-half. All other time worked shall be double time.

**** Any additional time worked after the first eight hours of regular work day and Saturday shall be paid for at the rate of time and one-half. Sundays and holidays shall be double time.

Each bid must conform to the requirements of the Drawings and Specifications and all other Documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the office of the Architect, GORDON STAFFORD, 1024 1/2 J Street, Sacramento, California, upon receipt of \$25.00 per set, which deposit will be refunded on return of such copies within 10 days after the bids are opened.

No bid will be considered unless it is made up on a form provided by the Architect and accompanied by certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above-mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within 5 days after notification of the award of the Contract to the Bidders.

The successful bidder will be required to furnish a Labor and Material Bond in an amount equal to fifty percent (50%) of the Contract price, and a Faithful Performance Bond in an amount equal to one hundred percent (100%) of the Contract price. Said bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and/or waive any irregularities or informalities in the bidding.

Dated this 6th day of August, 1957.

25 Guests Enjoy Donner Dancers Weekly Session

The Donner Dancers welcomed 25 guests to their potluck supper dance last Friday evening. R. Corbett from Wien, Austria, won the long distance honor. Ken and Trudy Wood and Elizabeth Thompson represented Snyder, Texas. Wood was put to work as guest caller during the evening. Visitors from within the state came from Palm Springs, Hayward, San Leandro, San Francisco, Lemon Grove, Kings Beach, Richmond, Altadena and Auburn.

On Saturday evening Lloyd and Virginia Everett traveled to Quincy for the moonlight festival.

The Donner Dancers hold their weekly square dance party in the Veterans' Building. The dance starts at 8 p.m. There is no charge and visitors are welcome.

Army in Missouri.

The young couple will travel to his permanent station, following future assignment.

Of the total of 31,490 driving restrictions imposed each month by the state department of motor vehicles, 28,818 are the requirements that corrective lenses be worn by the drivers.

Where there's smoke...there's FIRE!

Watch your
match...
Mr. Flipper!

Johnny Tremain Will Be Among Show Features

Featured attractions of the Donner Theater this week will include Walt Disney's much-publicized Johnny Tremain, a story based on the prize-winning novel by Esther Forbes. It is an action-packed adventure romance which tells the important part of the teen-agers played in the American revolution.

Johnny Tremain ranks among the best Disney stories and stars 17-year-old Hal Stalmaster, who depicts Johnny Tremain, a young silversmith who laid aside his apprentice tools to become a courier and spy for the Colonists.

Pretty Luana Patten, 18, co-stars with Stalmaster in this historical epic and both are supported with an array of veteran actors.

Johnny Tremain will be shown at the Donner Friday and Saturday August 16 and 17.

Also on this week's program showing Sunday and Monday will be Jerry Lewis as "The Delicate Delinquent," a co-starring Darrel McGavin and Martha Hyer. Billed as the funniest movie ever filmed "The Delicate Delinquent" is a story of Sidney Pythias, a bumbling janitor of a tenement on New York's lower East Side, who becomes involved in a "rumble" between two rival teen-age gangs.

Both "The Delicate Delinquent" and "Johnny Tremain" are in color. Tonight, Errol Flynn and Joanne Dru star in "The Warriors," a story of marauders of the future and next Tuesday and Wednesday, "Dragoon Wells Massacre" stars Barry Sullivan and Dennis O'Keefe in a story of desperate caravan against savage hordes.

INCREASE IN TAXES FOR COUNTY SEEN

NEVADA CITY—Nevada County taxpayers can expect an increase of 7 or 8 cents per \$100 assessed valuation in the coming fiscal year.

Nevada County supervisors went through departmental budgets but were unable to come up with a tax rate below \$2.12 or \$2.13, compared to the \$2.05 rate of last year. A possible 1 cent reduction from the \$2.13 figure appeared likely in view of minor reductions and changes in the welfare department budget.

About 6 cents of the increase will go into salary increases for county employees.

The tentative breakdown of the \$2.13 rate shows 75 cents for the county hospital, 54 cents for the welfare department, 19 cents for the general fund, 56 cents for salaries, 2 1/2 cents for veterans' fund, 5 cents for the county general reserve and 1 1/2 cents for promotion and advertising.

Executive Bookkeeper At Fallen Leaf Expires

Madge Loretta Rannells, 57-year old executive bookkeeper for an estate at Fallen Leaf Lodge, died last week.

A former resident of Glenwood Springs, Colo., she was born and educated in St. Louis, Mo. She is survived by two sons, both residing in Colorado.

The body was sent to Glenwood for services and burial.

From Denver—

Richard Hampf is expected to return this week from Denver, Colo., where he visited his relatives. He was accompanied by George Kenyon on the trip.

Driver Burned In Boat Races In North Tryouts

TAHOE CITY—Roger Murphy, 20 son of Mr. and Mrs. J. Philip Murphy, Tahoe and Oakland, was severely burned about his face and hands after the boat he was driving in the tryouts for the Gold Cup races at Seattle burst into flames on a qualifying run.

Young Murphy was piloting Breathless, one of the two entered by Murphy, when flames burst from the engine.

The hospital attaches reported the burns as being minor.

Roger's brother, Jay and driver of Breathless II which completed in fourth place in the races held Sunday.

Miss Thriftaway of Seattle took first place in the annual classic, beating off two other Seattle entries, Shanty I and Maverick. Bill Muncey drove the winner at an average speed of 101.983 miles per hour on the 90-mile course.

TRUCKEE COMMUNITY METHODIST CHURCH PROGRAM

Sunday, August 18:
Church school at 9:45.
Classes for all ages. Pastor Clark invites you to the adult class. We will study Romans the Eighth Chapter.

Divine worship at 11 a.m.

If you have no other church home we invite you to worship with us. The sermon theme will be, "God Has Saved a Job for Lou!"

Thursday, August 15, at 7 p.m.: The commission on missions will meet. Mrs. Muriel Frey is chair man. Others members are Mrs. R. L. King, Mrs. M. C. King, and Mrs. Lyle Hubbard. In addition are the ex-officio members, who are the pastor, church school superintendent, secretary of missionary education of the W.S.C.S., and representative from each of the other commissions, and the youth fellowship.

Thursday, August 15, from 8 to 9 p.m.: Devotional service, prayer, praise, and Bible study. Theme, "Broken Covenants and the Inner Way."

Vacation Bible School, August 19-30 at the Truckee Community Methodist Church opens at 9 a.m. Closes at 11:30 a.m. Monday through Friday of two weeks. All are welcome.

Water Hearing

Continued from Page 1

ural lake, its capacity and maximum water surface elevation were increased by construction of a dam at the Truckee River outlet at the north end of the lake.

Dam Built In 1870's
The first dam, built in the 1870's, regulated the flow of the Truckee River for logging purposes. In 1915 the Reclamation Service (now the U.S. Bureau of Reclamation) acquired the present dam by condemnation.

The crest of the dam is at an elevation of 6,229.1 feet above sea level, while the sill of the gates is at elevation 6,219 feet. However, a natural rock rim across the channel upstream from the gates has an elevation of approximately 6,223 feet. Thus the elevation of the lake surface is effectively regulated between 6,223 and 6,229.1 feet above sea level.

Rights Of Use
Rights to the use of the water lying between these elevations, and rights to regulation the surface level between those two points are outlined in the Truckee River Agreement of July 1, 1955, adopted and made part of a federal court decree of September, 1944. Terms of this decree will be discussed in detail in the second article of this series.

Regulation of the surface level of Lake Tahoe and rights to the use of the water regulated are based on the Truckee River Agreement of July 1, 1955, later made part of a federal court decree. The agreement was a compromise between the U.S. Bureau of Reclamation, the Truckee-Carson Irrigation District, the Washoe County Conservation District, the Sierra Pacific Power Company and the property owners represented by the Lake Tahoe Interstate Water Conference Committee.

Terms Of Decree
By terms of the decree, releases of water from the lake into the Truckee River are based on certain flows in the Truckee at Floriston, near the California-Nevada line. These releases, in turn, dictate the water surface elevation of the lake.

Lake levels are controlled for water and power needs in Nevada, and only incidentally for the benefit of Tahoe property owners and states of California and Nevada nor recreational needs. Neither the property owners around the lake are parties to the decree.

Among provisions of the Truckee River Agreement incorporated into the decree are:

1. Construction of Boca Reservoir on the Little Truckee River, which reduces Washoe County Water Conservation District's demand from Lake Tahoe.
2. Setting the level of the lake between 6,223 and 6,229.1 feet above sea level.
3. Provision for releases to prevent damage from threatened high levels indicated by snow surveys and other data.
4. Reduction of water withdrawals for power purposes when the lake reaches low elevations.
5. Control of the dam gates by the Truckee-Carson Irrigation District, acting as agent for the federal government.

6. Prohibition of diversions from the lake by changes in natural conditions at or near the outlet.

7. Relinquishment by the government of its previous claim to all storage above the 6,229.1 elevation. Although the maximum authorized level has been reached a few times since use of Lake Tahoe as a storage reservoir, the water level has approached that figure nine times since 1942. Damage to lake-front property usually begins at about 6,228 feet. Operation studies of the lake under the now-authorized Washoe Reclamation Project indicate that the maximum level will be reached more often than previously.

Possible solutions to the problems will be discussed in the next article of this series.

Two Are Fined Following Theft Of Stored Gasoline

James W. Branche and Harvey E. Drake, who had been employed on the Gibbons & Reed road construction project near Floriston were fined \$25 each when they appeared before Judge F. W. Wilson on a petty theft charge Monday. They were accused of stealing gasoline from a container where they worked. Both were also fired from the job.

Open House—

The Placer County Planning Department will be host at an open house in the new offices on Lincoln Way, Auburn, Friday, August 16, between the hours of 1 and 3:30 p.m. and the public is invited.

QUICKLY, TARZAN DROPPED BEHIND THE CAMOUFLAGED ENTRANCE TO THE TUNNEL.

HE MADE HIS WAY SLOWLY AND STEALTHILY THROUGH THE PASSAGEWAY--

TO FIND THAT IT ENDED AT THE NATIVE VILLAGE, INSIDE JACK ADAMS' HUT!

Featuring **BATHLESS GROGGINS**

by **RAEBURN VAN BUREN**

WHAT IS IT THAT BATHLESS GROGGINS SEES ON THE TOP OF THIS OLD BUM'S HEAD? WHATEVER IT IS-- BATHLESS SEEMS TO HAVE DEVELOPED AN AMAZING ABILITY TO FORESEE THE FUTURE!

STOP WAGGING YER NOGGIN-- THE IMAGE IS GETTING BLURRY!

SEE ANYTHING, FRIEND? I'M DYING OF CURIOSITY MYSELF!

WELL? TWO YEGGS (GASP) HEISTIN' THE CRABTREE CORNERS BANK! YOU SURE THIS THING'S IN FOCUS?

IT'S NEVER MISSED YET! THEN WE AIN'T GOT MUCH TIME. THEY WAS SWEEPIN' UP THE SMALL CHANGE WHEN I TUNES OFF YOUR SCALP!

ONE PEEP OUTA ANYBODY AND YOU GET IT! O.K. LET'S GO!

I TELL YOU THE BANK'S BEIN' ROBBED! YEAH-- WELL, HOW COME YOU KNOW SO MUCH ABOUT IT, BATHLESS?

BANK

I SEEN IT HAPPENING ON THE TOP O' THIS BUM'S HEAD. NOW GET MOVIN' PAL-- THEY'LL BE BUSTIN' OUT ANY MINUTE NOW!

ON THE (GASP) TOP OF WHO??

O.K., BOYS-- DROP IT! HOW'D YOU (GROAN) KNOW WE WAS PULLIN' THIS JOB?

BANK

LATER IF YOU COULD TELL WE WAS ROBBIN' THE BANK, HOW'S ABOUT INFORMIN' MYRON AND ME WHAT KIND O' SENTENCE WE'LL DRAW?

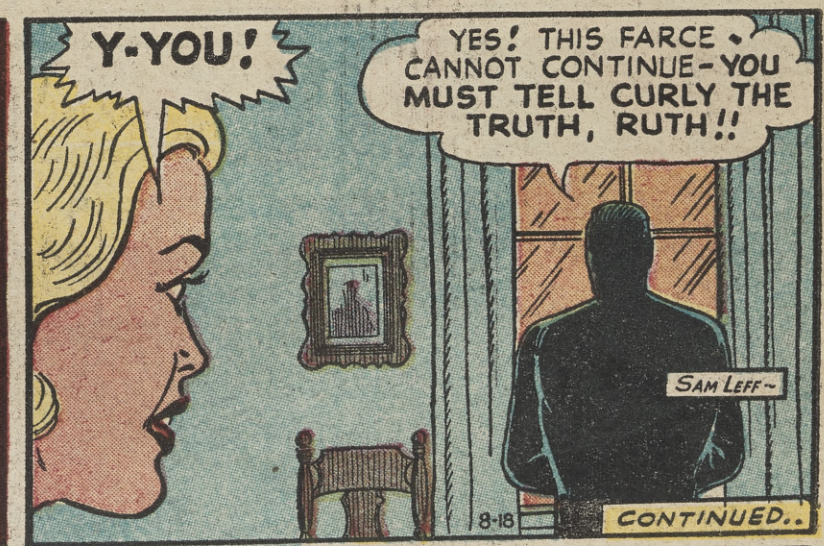

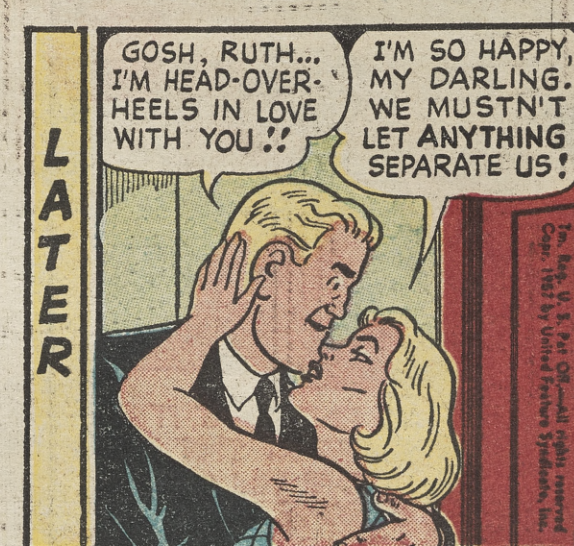

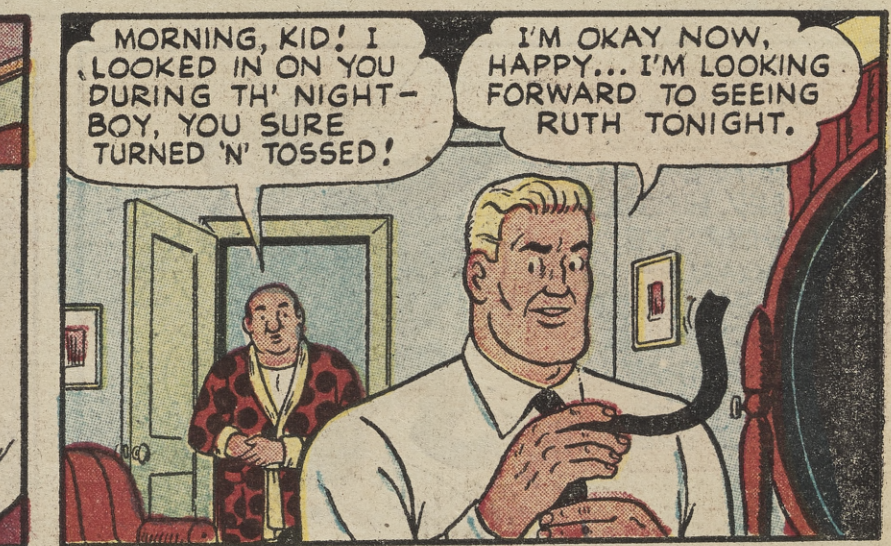

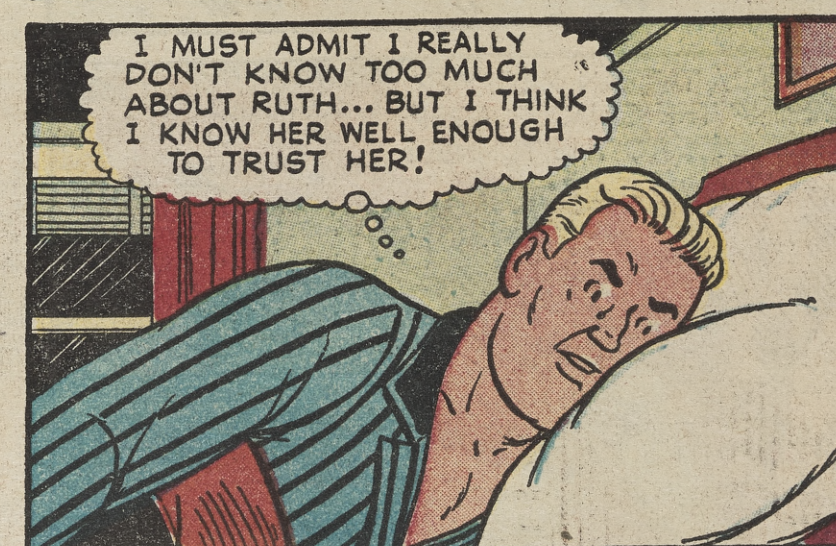

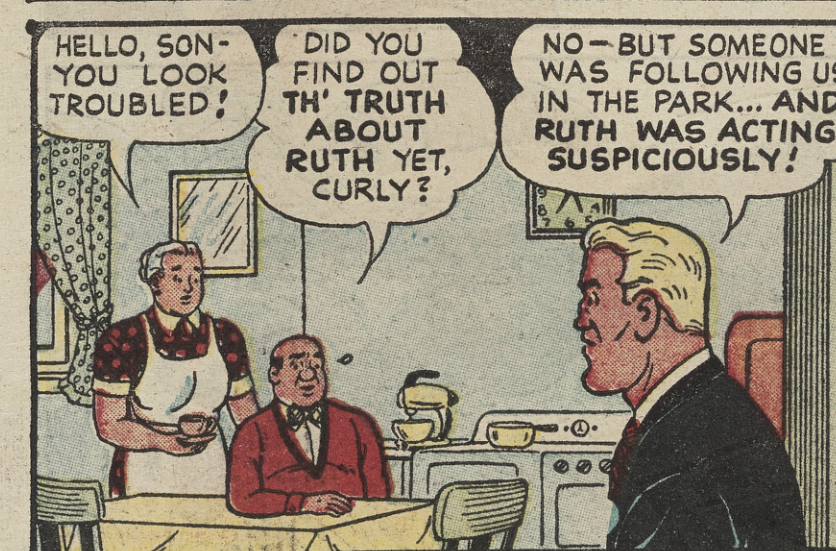

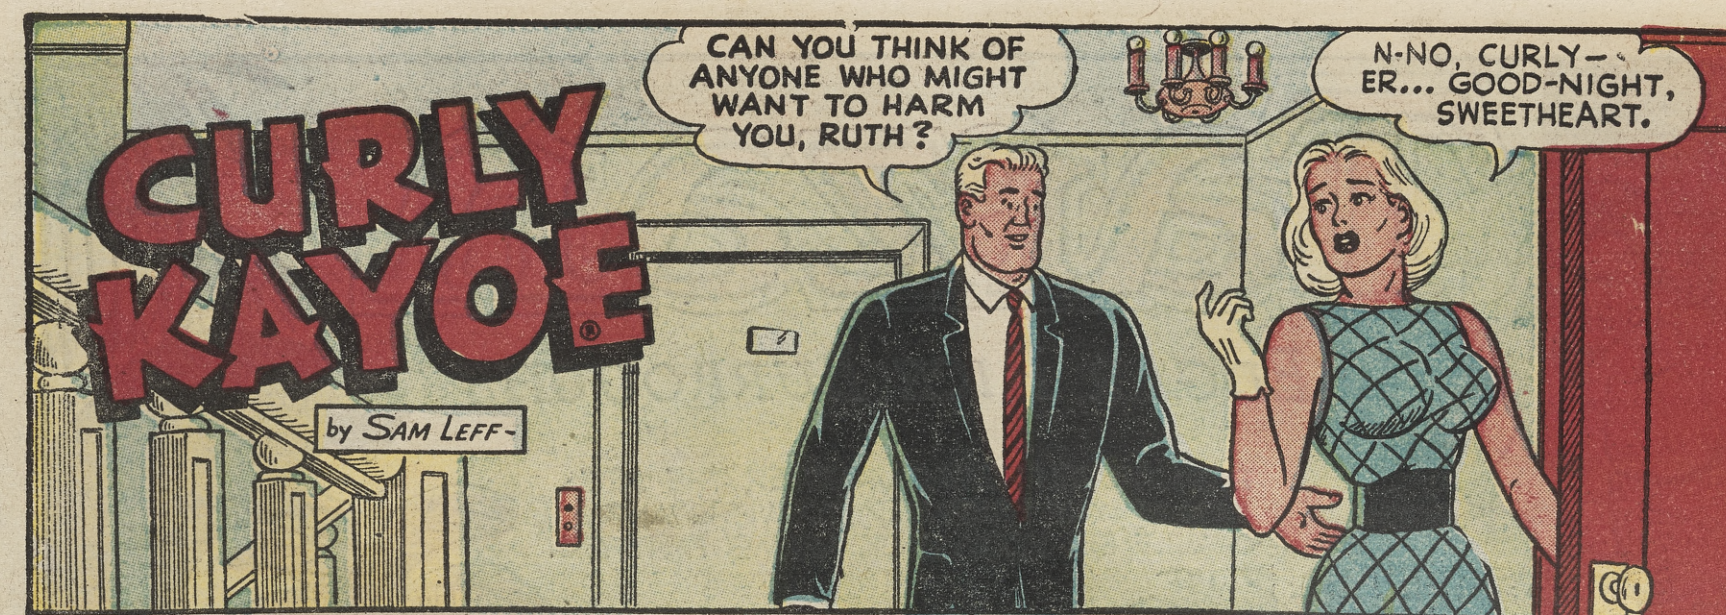

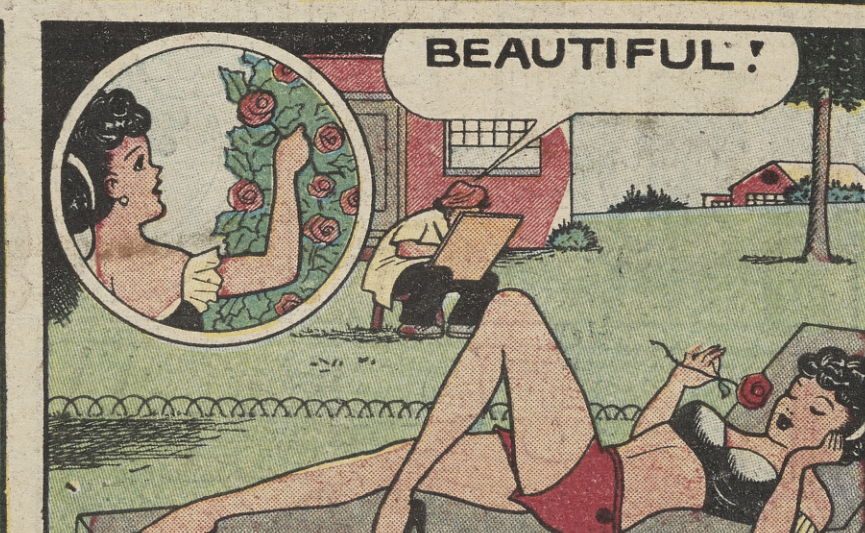

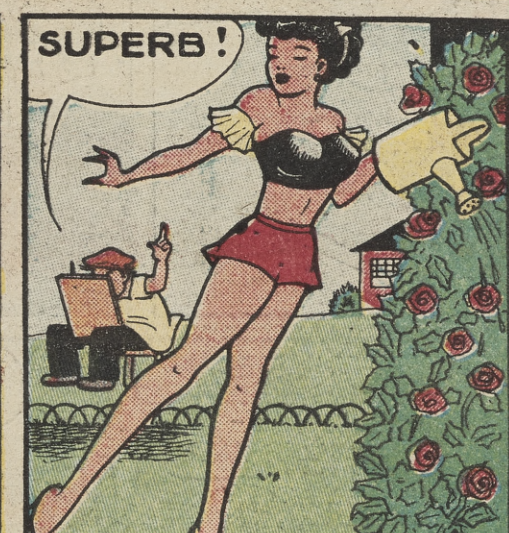

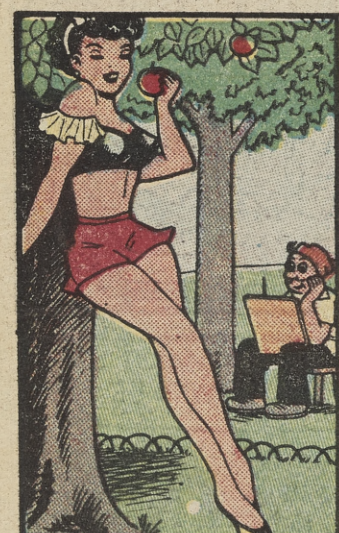

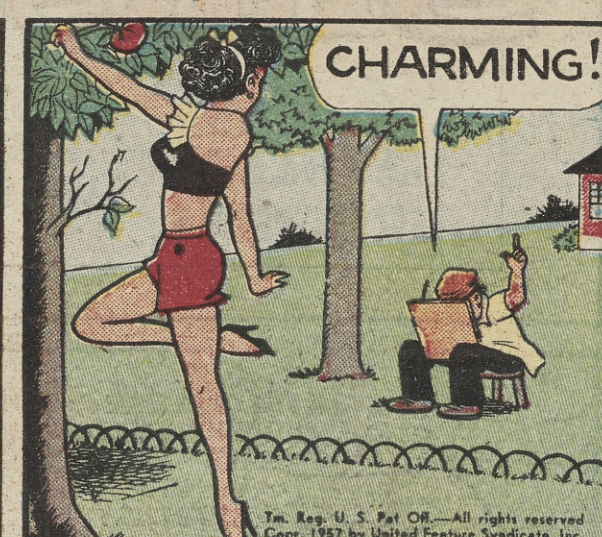

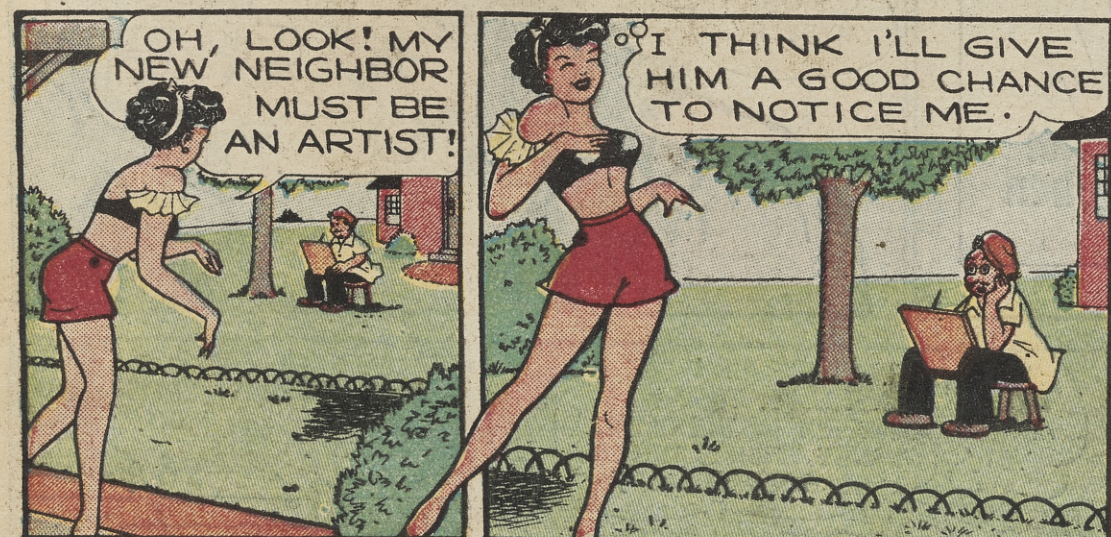

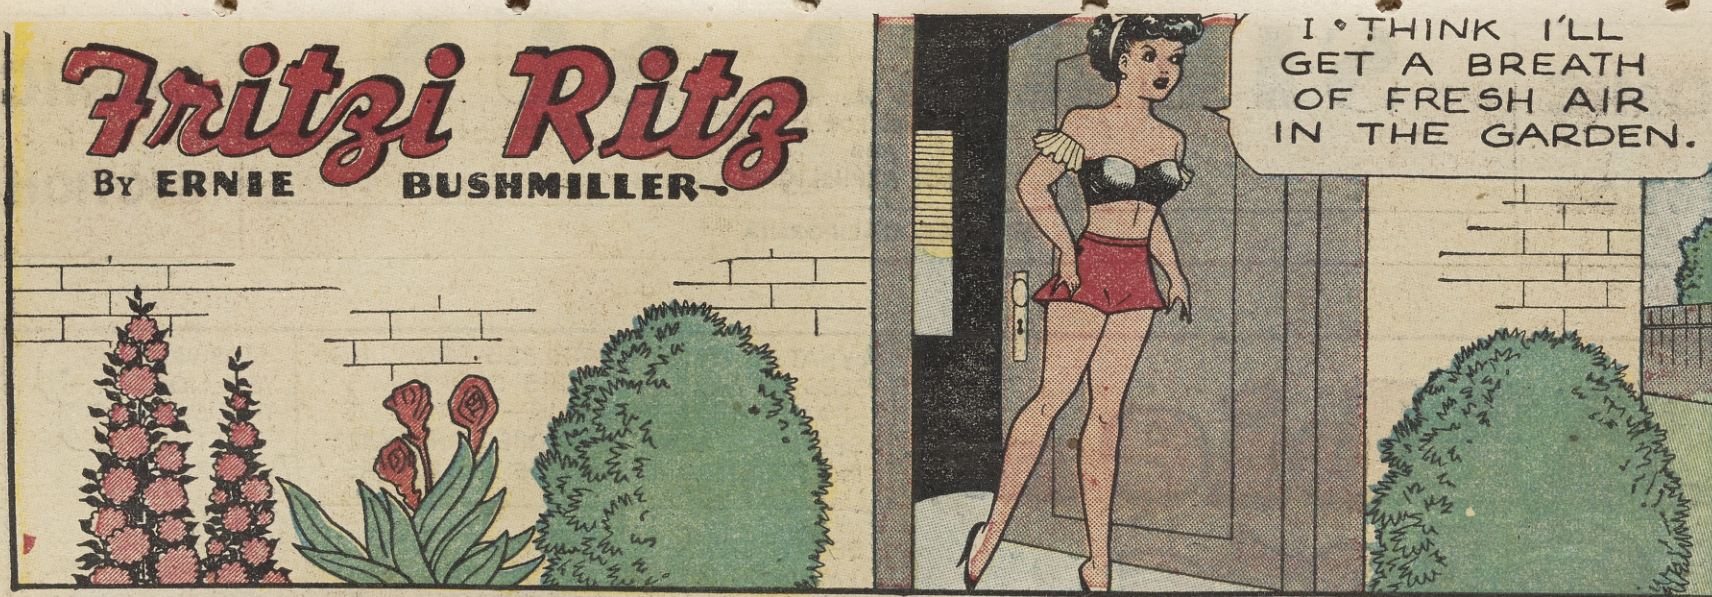

SHHH! THE IMAGE IS GETTIN' CLEARER EVERY MINUTE!

TESTS CONDUCTED BY MOTOR VEHICLE RESEARCH, Inc., of South Lee, N.H., REVEAL THAT CARS CRASHED INTO ROSEBUSH BARRIERS (*Rosa Multiflora Japonica*) AT 50 MILES PER HOUR SUFFER NO DAMAGE TO THE OCCUPANTS OR THE VEHICLE...

STRANGE

as it seems **ELSIE HIX**

IN MOST SPANISH TOWNS DEVOUT FAMILIES PROVIDE THE STATUES OF THE HOLY MOTHER WITH LARGE COLLECTIONS OF ROBES AND MANY MAGNIFICENT JEWELS!

AFTER JOHN GRAY, of Edinburgh, Scotland, DIED IN 1858, HIS DOG "BOBBY" SLEPT BY HIS GRAVE EVERY NIGHT FOR MANY YEARS, EVEN IN THE COLDEST WEATHER...

TEARS SHED IN SORROW, PAIN, ANGER OR LAUGHTER ARE CHEMICALLY DIFFERENT FROM THOSE BROUGHT ON BY ONIONS, SMOG OR OTHER IRRITANTS... SCIENTISTS CAN TELL FROM A COLLECTION OF TEARS WHO SHED THEM AND WHY, ACCORDING TO THE BETTER VISION INSTITUTE...

THE HEART OF A GROUND SQUIRREL NORMALLY BEATS 200 TO 400 BEATS A MINUTE -- DURING HIBERNATION, IT SLOWS TO AS LOW AS 3 BEATS PER MINUTE!

A GOPHER'S TEETH MAKE MORE THAN 13,000 CUTS A MINUTE...

MYSTERY OF THE "MAN IN THE IRON MASK!"

HE WAS HELD FOR 20 YEARS IN THREE PRISONS AND FORCED TO WEAR A BLACK VELVET MASK-- BUT GRANTED EVERY LUXURY... ALL TRACES OF HIS IDENTITY WERE DESTROYED AT HIS DEATH! --France, 1703--

Too! Too!

SEE WHAT A GOOD JOB OF WEEDIN' WE DID, MOM?

I'M VERY PROUD OF BOTH OF YOU--YOU'VE SAVED DADDY A LOT OF WORK!

NOW PUT THE TOOLS AWAY AND WASH UP SO YOU'LL BE NICE AND CLEAN WHEN DADDY GETS HOME--

THIS WAS A BAD DAY, PAT--

WHADYA MEAN?

WE WAS TOO GOOD!

--YEAH--
--I KNOW--

WE CAN'T DO THIS TOO MUCH OR THEY'LL ALWAYS 'SPECT US TO BE THIS WAY--

--PENNY AND PAT WERE ESPECIALLY GOOD AND HELPFUL TODAY, TOM--

WELL--THIS CALLS FOR A TREAT! WHAT WOULD YOU LIKE ME TO GIVE YOU TWINS?

OH, NOTHIN' SPECIAL, DADDY -- JUST GIVE US SOMETHING YOU MADE YOURSELF!

LIKE WHAT?

LIKE... MONEY!
